CHAPTER PREVIEW

In this beautiful kapitel, which begins the Hallel that we say with so much simchah on the Yomim Tovim, we are called upon as servants of Hashem to praise His holy Name from the rising of the sun until its setting. Dovid HaMelech sings of Hashem's incredible greatness, showing how He is exalted far above all nations and the heavens, yet in His infinite compassion, He lowers Himself to look upon the earth. Hashem lifts the poor and downtrodden from the dust to seat them with princes, and He brings joy to the barren woman by making her a happy mother of children.

The overview is the editor's commentary and is not part of the original text.
