CHAPTER PREVIEW

In this beautiful final Shir HaMa'alot, we are inspired by the call to the dedicated servants of Hashem who stand in the Beis HaMikdash during the quiet hours of the night, urging them to lift their hands in holiness and bless His Name. In return, the kapitel concludes with a heartfelt brachah that Hashem, the Creator of heaven and earth, should bestow His abundant blessings upon us from Tzion. It is a beautiful tradition for Yidden to say this kapitel every night before going to sleep as part of Kriyas Shema she'al HaMitah, wrapping ourselves in Hashem's protection and blessing.
