CHAPTER PREVIEW

In this magnificent final kapitel of Tehillim, Dovid HaMelech calls upon the entire creation to burst forth in pure, ecstatic praise of Hashem, both in His holy sanctuary and throughout the heavens. We are urged to praise Hashem for His mighty deeds and His infinite greatness, using every kind of musical instrument, from the shofar and harp to the drums and cymbals. The Sefer concludes with the ultimate, stirring call that every single living soul, with every breath it takes, must praise Hashem. Yidden say this beautiful kapitel every single day during Pesukei D'Zimrah to awaken our hearts to the joy of praising our Creator.

The overview is the editor's commentary and is not part of the original text.
