CHAPTER PREVIEW

In this beautiful kapitel, Dovid HaMelech begs Elokim to grant us His grace and bless us, shining His countenance upon us so that all the nations of the world will recognize His ways and His salvation. When the nations see how the earth yields its abundance and how Hashem judges the world with fairness, they will all rejoice and praise Him. Ultimately, through the blessings that Elokim bestows upon us, the entire world, from one end to the other, will come to fear Him.
